

Western Wholesale Energy's **COVID-19 Response**

Dear Valued Clients:

All of us at Western Wholesale Energy are dedicated to the safety of both our clients and employees.

This is why we have provided all of our Energy Specialists with COVID-19 reusable masks as well as hand sanitizers for use before and after every client visit.

All of our employees adhere to the strictest COVID-19 protocols including the mandatory wearing of PPE, practicing safe distancing, as well as rigorous cleaning of all consumer-facing materials.

As we navigate through these uncharted times, Western Wholesale Energy is more dedicated than ever to "Customer Excellence" as well as "Customer Safety".

Sincerely,

David Balaban
President/COO
Western Wholesale Energy
